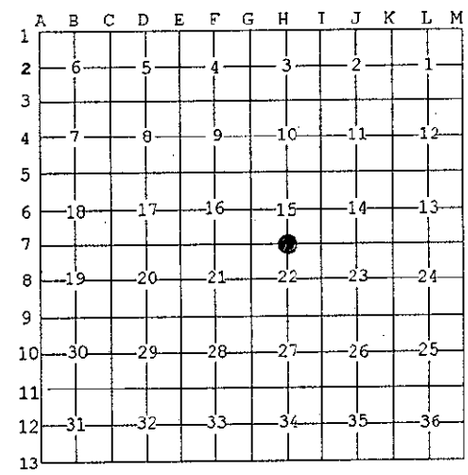
4. Lot No. _____ , Recorded Plat _____
5. Private Claims _____



I, William Lenca, in a field survey on Mar. 06, 19 98 do hereby state that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a Court of Law and /or that the corner points mentioned in lines 3, 4 and 5 above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law; established, re-established, monumented, recovered, found as expressed below:

NOTE: Not more than 2 corners, all in the same town and range, may be recorded on this certificate.

A. Description of original monument and accessories and/or subsequent restoration:

1849: Original Survey by James H. Mullett - B.T.'s - Hemlock, 18" - S35°W - 16 lks.; Hemlock, 6" - N30°E - 23 lks. All original evidence for this corner has been destroyed by county road improvements.

1995: Plat of Survey by William Lenca, RLS No. 26461 states: Ex. RR Spike in c/l Co. Rd. & in Line with Fences N - S.

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

We found a Railroad Spike in the centerline of an East - West County Road and in line with ancient fences North - South as noted in my 1995 Plat of Survey. This position fits reasonably well with a GLO Terrain call to a swamp edge 4 chains East, fits existing lines of occupation, and is accepted as the best available evidence of the position of the original corner.

STATE OF MICHIGAN
WILLIAM LENCA
LAND SURVEYOR
No. 26461
REGISTERED LAND SURVEYOR

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:

Set 5/8" x 24" Iron Rod/3-1/4" dia. Alum. cap stamped for corner location 6" below gravel road:

30" dia. Apple	South	33.44 feet	
9" dia. Elm	S71°W	46.95 feet	Scr. NBT
S.E. Corner of Electric Box	N05°W	29.18 feet	
Metal Survey Sign Post	South	19.7 feet	
Nothing else nearby			

NOTE: All bearings are magnetic bearings. All distances are measured with steel tape. Distances to trees are to nail in side of tree.
