

Green Lake

Fish Species

Rainbow Trout

Species Description

2,000 yearling rainbow trout are stocked into Green Lake each year. No natural reproduction occurs, however, survival is good and multiple year classes are typically present in the lake.

Geographic Coordinates

Lat:44.883715 / Long:-85.129781

Noteworthy

The boat launch is sand with limited parking. The lake is comprised of multiple basins; from the launch in the main basin head through the small channel to access the rest of the lake.

Fishing Regulations

Green Lake is a designated Type B trout lake. Please refer to the Inland Trout and Salmon Lake Regulations in the current Michigan Fishing Guide.

Directions to Site

From Mancelona head south on US-131/M-66. Just south of the village of Antrim, turn right onto Elder Road and head west. A signed two-track dirt road off of Elder Road leads back to the lake. Follow the dirt two-track road to the right and down to the boat launch.
