

Bark River Forest Island ORV Trail Bridge

Fish Species

Brown Trout

Species Description

Bark River has been stocked with Brown Trout annually since 2009.

Geographic Coordinates

Lat:45.61975 / Long:-87.25999

Noteworthy

This site is better if fished during early season. Bark River at this site is wadable with hip boots and can be fished spin-casting with in-line spinners.

Fishing Regulations

The Bark River in this location is designated a Type 1 trout stream. Please refer to the Inland Trout and Salmon Stream Regulations in the current Michigan Fishing Guide.

Directions to Site

From Escanaba, go approximately 15.0 miles Southwest on M-35 (Lake Shore). Turn Right (West) onto County Road 535 (4 25/100 Rd) and go 2.6 miles (will turn into "F Rd"). Parking lot will be on the left side of the road. Follow ORV trail West approximately 350 feet to the bridge.
