

Biscuit Creek At Biscuit Creek Road (U.S. Forest Service 333

Fish Species

Brook Trout

Species Description

Brook trout at this location average around 10 inches.

Geographic Coordinates

Lat:46.20601 / Long:-84.81388

Noteworthy

This is small stream (less than 10 feet wide), with lots of overhanging trees. The U.S. Forest Service has done habitat improvement on this stream, putting in log cover structures and spawning riffles.

Fishing Regulations

This is a Type 1 Trout Stream. For more information, refer to the Inland Trout and Salmon Regulations found in the current Michigan Fishing Guide.

Directions to Site

From H40 (Trout Lake Road), go north on Hayward School Road to Biscuit Creek Road (USFS 3338). Go east approximately 1.4 miles to a turnout on the south side of the road. The river is a short hike downhill from the turnout.
