Building Address: *Unknown*

Construction Date: *03/24/1944*

Square Footage: *1,556*

Historical Cost: *\$90,000*

Leased/Own: *DNR-Owned*

Employees at Location: *No*

Vacant Workstations: *None*

Electricity: *No*

Water: *No*

Heat: *No*

Storage Space: *No*

MISC. COMMENTS

This Building was a former Managers Residence. It was excess to the parks needs and scheduled for demolition. After most items were completed including the asbestos assessment a hold was placed on it due to its historical significance by History Division. Building has been sitting vacant since that time. Building is in overall poor condition. With loss of the Long Lake Outdoor Center to a private lease agreement, the area near this old residence now serves as a parking area for the winter sports trailhead. Building had electrical service disconnected and water was disconnected at the well and many fixtures etc were removed pending demo. Building on hold since early year 2000. Also note all electrical service meter was removed so there is no electricity installed. The building still has a 200 AMP Breaker Panel in the basement (see pictures) but there is no power to it. It is a 200 AMP Square D Breaker Box.
