

## City of Wixom – Tree Ordinance

### 16.20.050 *Trees*.

- A. Existing *trees* near street rights-of-way shall be preserved by the proprietor.
- B. Street *trees* shall be provided at least one per lot or not less than one tree for each fifty feet, placed between the sidewalk and curb with the location subject to the department of public services.
- C. The following species of *trees* shall be permitted:
- Norway Maple
  - London Plane
  - Pin Oak
  - Honey Locust
  - Cork Tree
  - Sugar Maple
  - Hop Hornbeam
  - Paul Scarlet Hawthorn
- Such other species as may be approved by the director of public services.
- D. The builder of any dwelling in a subdivision or site condominium development shall provide funds in the amount set forth in the city building permit fee schedule as adopted by resolution of the city council, for installation of *trees* by the proprietor. Such dollar amount shall be based on the requirements of subsection B of this section.
- E. Existing *trees* within street rights-of-way or *trees* on the same building lot which meet size and species requirements may be utilized as street *trees*. In those instances where existing *trees* in the street right-of-way or *trees* moved from the same building lot to serve as street *trees* are provided, funds for such *trees* shall not be required as specified in subsection B of this section. (Ord. 2003-11 § 1, 2003; § 1 of Ord. dated 6-9-98; Ord. 80-4H § 2 (part), 1994)
