

Bear Management Unit Map

Check Station Reference Map for the Northern Lower Peninsula (NLP)

Location of mapped area in Michigan

(Remainder of the State to the south, is Dansville unit and is closed to hunting)

IMPORTANT: the official, legal & final version of bear management units for any given year, are the legal text definition blocks in the Michigan Wildlife Conservation Order (WCO; see <http://www.mi.gov/dnr/laws>) and not any map depiction, provided as an aid only.

Legend

- Bear Management Unit (DMU) Boundary Lines* (excludes boundary along most of Great Lakes shore lines)
- County Boundary Lines
- City (named in black text near the city point)
- Major Roads and Highways (many with road sign labels)
- County Roads
- Major Railroad Lines
- Great Lakes Shore Line
- Lakes and Large Ponds, Major Rivers and Streams

*Reminder: check bear units shown are indeed still valid & legal, before using this map for check-station data work.
