Sale admin staff: McClarren

Harvesting completed by: winter 2019/2020

Comments:

Buried pipelines follow most of the roads surrounding the planting blocks. Stands 4 & 25 have surface pipelines that were identified by Maverick (Breitburn). Tall stumps were left along the surface pipelines for safety except for the pipeline along 7 Mile Rd that was not ID'd until cutting was done. H2S Gas field. Old harvest in stand 25 left scattered JP pulp & tops.
