Stand 43 is on Military lands, the rest are on general State forest land. Avoid trenching the south edge of stand 43 that is on the transition ground to the swamp: heavier slash was left there for rabbitat. Legacy pine were protected on all stands, along with traces of oak. Residual BAs: stands 43 & 60 ave 4 sq. ft., stand 77 ave 6 sq. ft., mostly in clumps of 3 trees. There is a seasonal residence 165 feet south of stand 77. Per landowner input, they have an artesian well in front of their property.
