ACTIVITY TRACKING	

Covertypes Objective: PLANTED RP	Acres: <b>58.2</b>
Approved Methods: Rollerchop, trench & plant RP at standard spacing. Plant through all skid trails associated with logging operation. Additional treatments may include aerial herbicide.	
Timbersale number: 72-003-12, 72-035-20, 72-035-19	
Sale admin staff: McClarren	
Harvesting completed by: 2014, 2021, 2023	
Contract TCR date: 08/03/23	
Comments: Stand 3 was originally 3 stands merged following harvest of Tick Haven Jack #035-19 cut in 2023 (east half of stand). The north west was cut in 2014 (#003-12, Deuce Deuce Deuce). The south west was cut in 2021 (#035-20, Hissing Hognose). Topography is flat. The north/south forest road adjacent to Hieaway Dr and the east/west road in the south will be planted through. Most of stand needs to be rollerchopped to set back cherry brush. The 2 landings created through most recent harvest had accumulated slash that was spread out but, would benefit from being rollerchopped prior to trenching.
