Reviewed: *Jan 14, 2022 JC*

ACTIVITY TRACKING	

Covertype Objective: PLANTED RP	Acres: **124**

Approved Methods:

Trench & plant RP at standard spacing. Leave open existing roads within the planting area. Additional treatments may include chopping & aerial herbicide.

Timbersale number:	72-011-20
Sale admin staff:	McClarren
Harvesting completed by:	December 2021
Contract TCR date:	1/6/2022

Comments:

Stands were harvested in Nov-Dec 2021, Cherry Creek Do-Over #72-011-20. Stands were both chipped and low stumped. A motorcycle trail runs through stand 38. Stand 41 has quite a bit of 1-2" cherry/oak saplings remaining. The Ausable River is south of stand 41 but 390' away at its closest point. There are a string of houses down townline road that will need to be buffered before spraying.
