FOREST TREATMENT PROPOSAL

Location: Grayling FMU					Proposal: C72-918		
County: Crawford	T27N	R3W	Sec. 20 SWNW, SW	YOE: 2023	Comp: 217	Stands: 17	

PROOFING COMMENTS
Rec: Shore to Shore horse trail south west boundary
Water: None
HAL: None known at this time (Checked HAL 1/14/22)
MNFI: Planting area falls in a large EMR circle and alleghany plum circle. (Checked MNFI 1/14/22)
Reviewed:

ACTIVITY TRACKING	

Covertypes Objective: PLANTED RP	Acres: 53.9
Approved Methods: Trench & plant RP at standard spacing. Leave open existing roads within the planting area. Additional treatments may include chopping & skidder herbicide.	
Timbersale number: 72-044-19	
Sale admin staff: McClarren	
Harvesting completed by: Fall 2020	
Contract TCR date: Anticipated 3/31/22	
Comments: Stand was cut fall of 2020 as part of About Time Red Pine #72-044-19. Sale has not been closed yet because purchaser needs to remove timber mats out of boneyard. Sale expires 3/31/22 and will be closed by then. FTP has been developed early to give fire officers a close location to do site prep work this spring during fire season and to avoid the need for rollerchopping if possible. Stumps were cut low and sale was chipped. Some rolling topography present. Aspen and maple regen came back pretty thick in places following harvest and will require herbicide treatment. Scattered oak residuals present as well. 2.2 acres of stand 17 west of pipeline/horse trail has been excluded from treatment area.
