Drafted: April 13, 2023 JC

ACTIVITY TRACKING	

Covertypes Objective: Planted Red Pine	Acres: 23
Approved Methods: Trench and plant RP. Herbicide treatments were not approved through the Comp Review process; a variance will need to be submitted. Protect hawthorn and apple. Protect open roads & utility corridors.	
Timbersale number: 72-012-20	
Sale admin staff: McClarren	
Harvesting completed by: Fall 2022	
Contract TCR date: held open for closing work completion	
Comments: Old field with encroaching cherry, maple and apsen was clearcut to prepare the site for planting. The northwest part of the harvest will not be planted; it is shown on the map with a natural regen objective. The southwest part of the harvest will also not be planted; it is shown on the map as having wildlife opening maintenance planned. Riverside Energy has wellsites and pipelines in the vicinity of the planting area.
