

Site 1 - Red maple clumps

Following up on her workshop presentation, Carine Annecou ing. f., will guide the group in a field demonstration of selecting which stump sprout to retain when thinning red maple clumps.

*Figure 2 has been translated without change from the original work: **COMMENT METTRE EN VALEUR LES ÉRABLIÈRES ROUGES ISSUES DE REJETS DE SOUCHES : PARTIE 2 - ÉCLAIRCIE DES TAILLIS ET DES FUTAIES SUR SOUCHES** available for download via QR code (Boulet and Anneco 2020) or click [here](#)
