Payment unit(s) 1 may be divided at the request of the purchaser and upon approval of the Unit Manager. Dividing payment units is a contract modification which requires a Timber Sale Contract Supplement.

**5.2.3.1 - Operating restrictions (3/07)**

Within Payment Unit(s) 1 and 2, unless changed by written agreement, cutting and skidding are limited to the period of June 30th to March 1st. This restriction is due to the seasonally ponded/wet soils, requiring either a dry summer or winter conditions for harvesting operations to occur.

**5.2.15 - Bark beetle restriction (2/04)**

In the event drought creates a high risk of pine bark beetle infestation, pine is not to be cut during the period March 1 through July 1, unless all portions of trees greater than two inches in diameter are removed from the sale area, reduced to chips, or treated to the satisfaction of the Unit Manager or their representative, within fifteen days of being severed from the stump. Pine logs, pulpwood piles and treetop piles for chipping that are decked in the fall or winter within a 1/4 mile of susceptible sites must be removed before March 15. Residual slash must not be placed in piles or rows and must be spread over the site for quick drying. The Department of Natural Resources will exercise this option if the risk of damage warrants.
