With the Unit Manager or his/her representative's approval, the Purchaser may return to the area when the risk of rutting has decreased.

5.8.5 - Protection of raptor nests (3/13)

The Purchaser is responsible for posting and maintaining caution signs on M 28 prior to beginning operations. The road must be posted at appropriate distances from the sale area, it is recommended a minimum of 1/4 mile east and west of entrance onto M 28, to warn of logging activity and truck traffic. 4 - Transportation

4.1 - Construction

4.1.5 - Culverts (9/11)

Roads may require the installation of culverts for cross drainage or at natural drainage-ways. If culverts are needed in these locations, their placement will be specified by the sale administrator and they shall be installed prior to hauling. The culverts shall be new, corrugated metal or plastic gauge. Culverts will be a minimum of 12 inches in diameter and 24 feet in length. If culverts are removed, fill shall be removed from wetland soils as specified. Soils shall be maintained and left in a non-erodible condition, with water bars, seed, fertilizer, mulch, and slash installed as directed by the sale administrator and as specified in the BMP manual. Stream crossing permits, if needed, will be obtained by the Purchaser.

4.1.7 - Road closure (10/11)

All new roads built into the sale must be blocked to vehicle traffic upon completion of the sale. Overgrown roads that are reopened shall be considered new roads. These roads must be rendered impassable to cars and trucks, by constructing a berm(s). Hauling may be restricted on forest roads and the Kneeland Bigelow Road, by the Unit Manager or his/her representative. The restriction may occur during wet weather conditions.

Within Payment Unit(s) #'s 1-11, unless changed by written agreement, cutting, skidding, and hauling are limited to the period of 12/15 to 3/1. This restriction is due to wet site conditions as well cutting during wintering months while deer are yarding. Leaving green tops at that time of year will provide food for wintering deer.
