**2.1.3 - Cut tree marked unit(s)**

Within payment Unit(s) 1, all trees are designated for cutting when marked with orange paint above and below stump height, regardless of merchantability. In addition, cut all aspen, ironwood, and beech EXCEPT those marked with an orange X.

Note that this sale received damage from a storm on August 2, 2015. The purchaser may cut unmarked, damaged maple and oak that is leaning at an angle of 45° or more. All of the marked hardwood must be cut before the unmarked damaged trees so that the damaged timber can be decked separately and scaled by the Sale Administrator. The purchaser will be charged for damaged timber at contract prices and must pay within 30 days of the invoice date.
