

Sweiger Creek At Sweiger Creek Truck Trail

Fish Species

Brook Trout

Species Description

This location has brook trout up to 8 inches.

Geographic Coordinates

Lat:46.28974 / Long:-84.85222

Noteworthy

This is a small stream (5-10 feet wide), and is shallow and sandy. Lots of overhanging tag alders make casting difficult. There is a trail/two-track that parallels the river going downstream, with lots of opportunities to get in and fish.

Fishing Regulations

This is a Type 1 Trout Stream. For more information, please refer to the Inland Trout & Salmon Regulations found in the current Michigan Fishing Guide.

Directions to Site

Take M-28 west of Raco to Sullivan Creek Trail. Turn south and go approximately 3.5 miles, then turn west on Sweiger Creek Truck Trail (U.S. Forest Service 3132). Go approximately 4 miles to the river.
