

public lands of the United States, subject to further survey and disposal by the Government.

In consideration of your particular situation involving Lot 1, Sec. 24, T. 22 N., R. 15 W., it would appear that your best solution would be to acquire this tract of land based upon the survey record, without bringing into the picture any of the survey situations as has been considered herein.

The aerial photographs submitted by you are returned herewith.

Sincerely yours,

For the Director

*Karl G. Harrington*
