- A. Description of original monument and accessories and/or subsequent restoration:
 - I-13; Section Corner common to Sections 34 and 35, T51N, R30W, on 5th Correction Line.

Originally established during U.S. Survey conducted by Austin Burt, D.S. in 1845 and monumented by an 8" diameter sugar maple witnessed by a

Sugar 9 N22°E 23 lks. (Inconclusive)

The late Norman Thompson, RLS #4348, states in his field notes dated 28 January 1947 (copies of which were obtained from Northern Hardwoods' office in L'Anse) that he found both U.S. bearing trees to be "ok". Mr. Thompson remonumented the corner with a spruce post and on 17 June 1948 he added an iron pipe. Mr. Thompson noted two new bearing trees but the information is not readable from his field notes.
