A. Description of original monument and accessories and/or subsequent restoration:

F-5; One-quarter Corner common to Sections 9 and 16, T51N, R33W;

Originally established during U.S. Survey conducted by Harvey Mellen, D.S. in 1845 and monumented with a sugar maple post witnessed by a

Hemlock

N24°W

6 lks.

and a

Hemlock

14

N88°E

12 lks.

During the course of a survey conducted by Stephen Douglas of the Bureau of Land Management from 10 May 1984 to 10 November 1984 and approved 23 September 1985, this corner was considered lost and reestablished midway and on line between government corners immediately to the east and west. The BLM monumented this position with a 5/8" x 48" aluminum rod and cap witnessed by a

Triple W. Birch 15 N61°E 31½ lks. (20.79') Found all three trunks standing dead. Scribing visible on bark. Measured N59°E 19.70'

Maple 9 S42°W 59 lks. (38.94')
Found an alive sugar maple 11" in diameter having a partially healed lower blaze with scribing visible. I added an upper blaze. Both blazes as well as a band around the tree at the upper blaze were painted red. Set a 7" spike on the NW/side. Measured S40°W 38.94'
