A. Description of original monument and accessories and/or subsequent restoration:

69: Post established by U.S. Government Deputy Surveyor L. Lyon in 1829 - accessories: Beech 7, SILE 40 links & Beech 11 N38W 30 links Survey records obtained from Nightman and Associates, Inc. reference the corner in Books 7 and 134 in 1948, 1954, and in 1960 a "pipe is called for. In 1961 on a survey drawing performed by Alton Howard (obtained from Wightman & Assoc., Inc.) indicates an iron at this corner.

MC: Corner established by U.S. Government Deputy Surveyor L. Lyon in 1829 - corner was a White Oak 15 inches in diameter.

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

69: Found iron pipe with metal fence post type cap. Distances to adjacent corners consistent and reasonable upon comparison. No witnesses were recovered. Accepted iron as the best evidence of the original 6LO corner.

MC: Corner reestablished by projecting a line from corner F9 through corner G9 and then provating the GLO distance to the measured distances between the different section corners.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner

69: Found Iron pipe with fence post type MC: Set 1/2" x 36" rebar encased in a 4" diameter concrete cylinder and capped
