5. Private Claims  1. Larry R. Rogers, in a field survey on November 12, 1988, do hereby state that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current merual of survey instructions of the United States Department of the Interior Bureau of Land Management or by a decree of a Court of Law and of that the corner points mentioned in lines 3, 4 and 5 above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law, established, re-established, recovered, found as expressed below:  NOTE: Not more than 2 corners, all in the same town and range, may be recorded on this certificate.  A. Description of original monument and accessories and/or subsequent restoration:  (M-7) Southeast Corner of Section 13, Township 47 North, Range 1 East.  The original corner was placed in 1845 by John Mullett. 1930 Countly Surveyor records indicate a 1* x 30* bolt with four witnesses. In 1976, N.D. Alis, found 1* bolt in road, recovered three County Surveyor witnesses and filed a L.C.R.C. in Liber 1, Page 225 of the Chippewa County Records. In 1982, William L. Karr, P.S. 27450 found a 1* iron 6 feet South of centerline of 3 Mile Road, but none of Alix, witnesses, were recited in notes.  B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:  (M-7) Southeast Corner of Section 13, Township 47 North, Range 1 East.  Corner is a 1* iron 4* below grade of 3 Mile Road (East-West, grave) and 6 feet South of centerline.  C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:  (M-7) Southeast Corner of Section 13, Township 47 North, Range 1 East.  Corner is a 1* iron 4* below grade of 3 Mile Road (East-West, grave) and 6 feet South of centerline.  C. Description of monument for corner and accessories established to perpetuate locating the position of the corn	in Section 3. Miscellane	ous	T					mber
P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a Court of Law and/or that the corner points mentioned in lines 3.4 and 5 above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law, established, re-established, morrumented, recovered, found as expressed below.  NOTE: Not more than 2 corners, all in the same town and range, may be recorded on this certificate.  A. Description of original monument and accessories and/or subsequent restoration:  (M-7) Southeast Corner of Section 13, Township 47 North, Range 1 East.  The original corner was placed in 1845 by John Mullett. 1930 County Surveyor records indicate a 1* x 30* bolt with four witnesses. In 1976, N.D. Alt., found 1* bolt in road, recovered three County Surveyor records indicate a 1* x 30* bolt with four witnesses, were recited in notes.  B. Description of corner evidence found and/or method applied in restoring or resatablishing corner:  M-7) Southeast Corner of Section 13, Township 47 North, Range 1 East.  This corner is being perpetuated as part of the Chippewa County Remonumentation Program.  Found 1* iron used by Karr - believe Iron is same as 1* bolt from earlier notes. Accepted corner position as found.  C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:  (M-7) Southeast Corner of Section 13, Township 47 North, Range 1 East.  Corner is a 1* iron 4* below grade of 3 Mile Road (East-West, gravel) and 6 feet South of centerline.
