

April 22, 1965

**TO:** Billy Buckler, Land Surveyor, Region I

**FROM:** Ted Reuschel, Forestry Section

**SUBJECT:** Land Corner Record

The township and range heading the land corner record dated April 27, 1964, is T43 and 44N, R22W, Delta and Marquette Counties. The description of corner, however, lists the range as 23W. On checking the county maps, we have decided that R23W was the intended designation. We will expect to hear from you only if this assumption is incorrect. A xerox copy of the record as changed is attached.
