DESCRIPTION IN DETAIL AS TO HOW CORNER WAS LOCATED AND IDENTIFIED OR RESTORED.

This corner was found by Forestry Division survey crew while making a partial retracement of this township.

Set corner in a large Hemlock stump which is the only one near and which we conclude to be the government corner tree. Checks for distance north, and conforms acceptably to line between section corners. Very probably the government corner.

Corner was placed and witnessed August 24, 1959.
