A Description of original	monument and accessories a	ind/or subsequent restoration:		•

May, 1823 Set post with two (2) accessories

This corner was established by running west between Sections 7 and 18 at 39.50 chains crossed centerline of a 10 link stream, set 1/4 post at 40 chains at 57.0 chains they leave swamp and at 76.43 chains intersected the east line of T6N-R4E, 1.94 chains north of post.

Ratified by Peer Group in accordance with P.A. 345, 1990

Co. Rep Callandon
Date Jan 19, 1996

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

During our research, we found no records of certified surveys or Land Corner Recordation Certificates for this corner at the Genesee County Register of Deeds. From records and irons we did find it would appear that the previous surveys held a straight line from Corners A-5 to C-5. We, therefore, held Corner A-5 and C-5 as previously ratified by the Genesee County Peer Review Committee. We set B-5 at the proportionate measure of recent measure to GLO Notes.

This location was ratified by the Genesee County Peer Review Committee on January 10, 1996, as the accepted location for this corner. This corner is to be set with the 1996 remonumentation corners due to the existing frost conditions.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:

Set the standard Bernsten monument SS-A-5-BR-30, with 3 1/4" brass cap stamped Genesee County Remonumentation Corner 1995, #29242, being ± 35 feet north of the centerline of Reid Road, and ± 370 feet west of the railroad crossing.

N 60° E	80.92'	Set Genesee County remon, tag in the southeast face of power pole
S 70° W	255.00'	Northeast corner of concrete head wall at the south line of Reid Road at the drain crossing
South	100.30'	Set Genesee County remon, tag in north end of railroad tie
East	182.72'	Set Genesee County emblished in south face of 20" multiple stem tree
