Found a 7° truncated right rectangular prism shaped concrete monument with a 3" square brass cap affixed on top which is stamped "Misconsin Michigan Power Company 42-31 16-17-20-21". The monument was found in the midst of a large cultivated field and was probably hit at one time with an implement as it was found leaning slightly. The monument was righted and accepted as the best available evidence of the postion of the original corner. Distances M.S.E. and W to adjacent section corners check with the original record. To aid in locating the monument in the future, it's coordinates were determined to be 46 deg. 01 min. 45.00267 sec. North Latitude, and 88 deg. 13 min. 16.59350 sec. West Longitude

(D9) Original post and accessories not recovered. Found no evidence of the position of the original corner on the ground. Reestablished the corner by single proportionate measurement to the original record between section corners 2654.08° east and west.
