- A. Description of original monument and accessories and/or subsequent restoration:
- (C4) Quarter corner common to Sections 7-8. Original corner established in 1849 by U.S. Deputy Surveyor John Burt. Original BTs: Sugar 8 N47E 47. Sugar 10 320N 25. Found no subsequent record.
- (C5) Corner common to Sections 7-8-17-18. Original corner established in 1849 by U.S. Deputy Surveyor John Burt. Original BTs: Sugar 10 NSSW 25, Sugar 12 S3SE 14. Found no subsequent record.
- (16-Sec. 8) South 1/16 corner between sections 7-8. Corner not established in the original survey. Found no subsequent record.
- 8. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

(C4) Original post and accessories not recovered. Found no acceptable evidence of the position of the original corner. Reestablished the corner as a straight line between section corners 2640.46° north and south, being the proportionate position. At the position for the corner, I placed a 1°x32° iron pipe capped with a 4° dia. cast alueinum MDMR tablet, appropriately stamped.

(C5) Original post and accessories not recovered. Found no acceptable evidence of the position of the original corner. There are 3 very old sugars within 50 ft. of the corner, all in the ME quadrant, but none fit the record. Reestablished the corner by double proportionate measure to the original record between section corners \$280.92' north, 10541.84' south, 5270.06' west, and 5275.32' east. At the position for the corner, I placed a 1"x32" iron pipe capped with a 4" dia. cast aluminum MDMR tablet, appropriately stamped. (10-Sec. 8) Established the corner on a straight line between quarter corner and section corner 1320.23' north and south, being the proportionate position. At the position for the corner, I placed a 1"x32" iron pipe capped with a 4" dia. cast aluminum MDMR tablet, appropriately stamped. From the corner monumented, found an angle iron, placed by an unknown party, 102.2' south and 88.8' east. Accerding to adjacent landowner, the angle iron has been in place for many years.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:
