B. Description of corner evidence found and/or method applied in restoring or reestablishing corner: H-2 Found Capped Rerod (Hay) 0.6' S. & 0.3' W. of "X" of 1/4 lines (No record of a recorded survey by Hay). Meas. & angles per 1985 All Points survey in the NE 1/4 agree ± with the Capped Rerod (Hay). Meas. & angles and prop. cor. iron found 577.5' S. of the C 1/4 cor. per 1985 Hackbardt survey in SW 1/4 agree ± with comp. "X" of 1/4 lines. Also found large Iron encased in conc. with stones around at N. end of old fence to South, 52.6' E. and 8.0' N. of comp. "X" of 1/4 lines (may be the "Iron and Stone" found and accepted by Williams & Works in 1921). It appears the Capped Rerod (Hay) was set at the same time that he set the N 1/4 cor. of Sec. 3 in 1985 per LCRC #4139 and later monumented per LCRC #4438. Capped Rerod (Hay) prop. cor. 577.5' ± South of C 1/4 cor. that is not on line with either the Capped Rerod (Hay) or the comp. "X" of 1/4 lines by 1' ±. It appears that the C 1/4 cor. as set by Hay was intended to be set at the "X" of 1/4 lines, therefore the "X" of 1/4 lines is accepted by me and is generally accepted by professional surveyors as the best available evidence of the position of the corner.
