B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

J-2 Established Intersection of 1/4 lines in field and found it to fall in the Rogue River. Established 2 locations for witness monuments. Computations for Intersection of 1/4 lines agree  $\pm$  with measurements of 1983 All Points surveys.

The Intersection of 1/4 lines is accepted by me and is generally accepted by professional surveyors as the best available evidence of the position of the corner.
