Township boundary for T6N, R11E, Dryden Twp. was surveyed in 1816 by Wampler. Set ½ Mile Post at 40 chains north of post set for southeast corner of section 1.

- 1. L1, Pg 399 March 1972, survey by Henderson, Bates, Elrich & Schuler, Inc.
- L3, Pg 286 June 1975, survey by Kay Engineering.
- L3, Pg 351 July 1975, survey by Kay Engineering

10-26.98 The above surveys do not identify a position for, or evidence of a found corner. The only evidence of an East-West Quarter line is found in item 1.

Description of corner evidence found and/or method applied in restoring or reestablishing corner:

Bishop Road runs north and south and has a gravel surface. There is no visible evidence of occupation to the west at the road. From the center post the fence line was located to 1338.61 ft to the east at which point we located an iron with cap #18986 in a north south fence line. The east-west fence was marked with remains of wire located on the ground, suspended in trees or remains of posts. M-2 was placed on line between M-1 and M-3 at the extension of a line from the center post to the iron found 1338.61 ft to the east.

Description of monument for corner and accessories established to perpetuate locating the position of the corner: C.
