

April 19, 1966

TO: Frank Bray, Surveyor
FROM: Gordon Terry, Forestry Division
SUBJECT: Land Corner Records

Attached is a copy of a land corner record submitted to this office during the spring of 1965. The written description is the same as that for a corner record submitted at the same time which established the north section corner between Sections 3 and 4, T47N, R10W. A copy of that record is also enclosed.

Apparently the corner record showing Section 4 is the one on which the description of corner should be changed. Would you please submit a corrected corner record listing the proper "description of corner", for Section 4.
