DESCRIPTION IN DETAIL AS TO HOW CORNER WAS LOCATED AND IDENTIFIED OR RESTORED.

This corner was restored by Forestry Division survey crew while making a survey of T24N, R14W. Set corner from probable gov't BT stumps- pines NE and NW which conform fairly well with the record. This point falls 10 links west and 4 links north of proportionate measurement location so could not ignore the probabilities of this being an original corner.

Corner was placed and witnessed July 22, 1960.
