Of Brush

A. Description of original monument and accessories and/or subsequent restoration:

## K-11; Southeast Corner Section 26;

Originally established during U.S. Survey conducted by Wm. Ives, D.S. for Douglass Houghton, D.S. in 1845 and monumented with a wood post witnessed by a Spruce Pine 4 S54°W 11 lks. and a Spruce Pine 6 N83°E 21 lks.

This corner was remonumented with a 1" iron pipe and jack pine post by the Marquette County Road Commission on 30 June 1942 at a position intended to be S89° 35'E a distance of 5279.6 feet (U.S. = 5293.20 feet) from the southwest corner of section 26. According to M.C.R.C. field notes contained in M.C.R.C. field book 717 a line was produced from the southwest corner of section 26 on a bearing of S89° 35'E without any angle points for a distance of 5279.6 feet to the southeast corner of section 26. The M.C.R.C. did not note any new bearing trees.
