1970: MCRC F.B. 797 indicate corner re-set from witnesses by Jacobs and Thornton and set a 2' pin-#/4" diameter set in black top 10' East of centerline553 with orange paint mark around head. No new references.

1994: The road plans for County Road 553 indicate this corner is common with Sections 33 and 34 which is incorrect as the original GLO notes indicate that the corner for Sections 3 and 4 is 22 links West of the corner to Sections 33 and 34.

B. Description of corner evidence found and/or method applied in restoring or reestablishing comer:

G-1: 1998: No original corner evidence found.1994 Retracement work by Benson Forests (R. Jamros - PS No. 25849) indicated that this found MCRC iron was the Corner for Sections 33 and 34. The corner position for the corner common to Section 3 and 4 was set 22 links (14.52') West of the Corner common to Sections 33 and 34 on line from the SE Corner of Section 33 to the S 1/4 Corner of Section 33. Jamros found two of the MCRC witnesses that checked to the found iron in the northbound pavement of County Road 553. The Distance West is 2597.27' and the distance East is 2633.02'.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:

G-1: 1998: Set a 2 3/4" diameter Rebar capped with a 3 1/4" diameter aluminum tablet Marquette County Survey Monument stamped to identify the corner in monument box 2.7' West of broken white painted line dividing the uphill lanes of County Road 553. Established references:
