William Lenca , in a field survey on November do hereby certify that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a Court of Law and/or that the corner points mentioned in lines 3, 4 and 5 above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law; established, re-established, monumented, re-monumented, recovered, found as expressed below:

NOTE: Not more than 4 corners, all in the same town and range, may be recorded on this certificate.

A. Description of original monument and accessories and/or subsequent restoration: ORIGINAL B.T.'s: Tamarack, 10", S65°E, 05 1ks Tamarack, 8", N51°E, 12 1ks

Original Survey by James H. Mullett in 1848. No original evidence of corner found.

PERPETUATION: Certified Survey No. 269 by George B. Wilson (RLS No. 17607) shows the location of this corner as it relates to other corners in section 16. LCRC No. 378, Book 2, recorded by George B. Wilson, RLS No. 17607 in Mar. 1982.

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

Found 5/8" dia. Alum. Rod/ $3\frac{1}{4}$ " dia. Alum. cap in the location indicated by information contained in Certified Survey No. 269. This corner is also shown in an unrecorded survey map dated 1/12/74 by George B. Wilson, indicating that the East-West position of the corner was established by GLO Terrain calls to a swamp edge 2 chains West and the foot of a hill 1.25 chains West. The North-South position of the corner falls in line with the remnants of an old fence line running West from this location. This position has been used in several surveys over the past 20 years, and is accepted as the best available evidence of the position of the original corner.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner and accessories established to perpetuate locating the position of the corner and accessories established to perpetuate locating the position of the corner and accessories established to perpetuate locating the position of the corner and accessories established to perpetuate locating the position of the corner and accessories established to perpetuate locating the position of the corner and accessories established to perpetuate locating the position of the corner and accessories established to perpetuate locating the position of the corner and accessories established to perpetuate locating the position of the corner and accessories established to perpetuate locating the position of the corner and accessories established to perpetuate locating the position of the corner and accessories established to perpetuate locating the position of the corner and accessories established to perpetuate locating the position of the corner and accessories accessories and accessories access

Found 5/8" dia. Alum. Rod 5' long/ $3\frac{1}{4}$ " dia. Alum. cap stamped for corner:

6" dia. Jack Pine 8" dia. Norway Pine 9" dia. Norway Pine 5" dia. Jack Pine	N15°E East S35°E N50°W	28.78 feet 51.09 feet 40.30 feet 29.25 feet
Metal Survey Sign Post	N10°E	1.0 feet
110000 20010, 20010 1000		2.0
