A. Description of original monument and accessories and/or subsequent restoration:	13
evidence for this corner has been destroyed by county road improvements. 1981: CERTIFIED SURVEY No. 210 recorded by George B. Wilson, RLS No. 17607, Section 35, T33N-R28W. This corner is shown with ties to other corners. A condescribed and no witnesses are given. 1981: CERTIFIED SURVEY No. 217 recorded by George B. Wilson, RLS No. 17607, Section 26, T33N-R28W. This corner is shown with ties to other corners. A condescribed and no witnesses are given. B. Description of corner evidence found and/or method applied in restoring or reestablishing conference position had been destroyed. We recovered a Railroad Spike at the E1/4 Corner of of the S1/16 Corner on the East Line of Section 26, per Certified Survey No. 217. We manatched with that recorded in the Survey. We then projected South from the South 1/16 by measuring North, and re-set the SE Corner of Section 26. We then measured South to this distance matched with that shown in Certified Survey No. 210. The Corner thus re-Roads running North - South and East and in line with an old fence line to the West. The for 16 years, and is accepted as the best available evidence of the position of the original of the corner of the position of the original of the corner of the position of the original of the corner of the position of the original of the corner of the position of the original of the corner of the position of the original of the corner of the position of the original of the corner of the position of the original of the corner of the position of the original of the corner of the position of the original of the corner of the position of the original of the corner of the corner of the position of the original of the corner of the position of the original of the corner of the position of the original of the corner of the position of the original of the corner of the position of the original of the corner of the position of the original of the	shows a section breakdown for fractional riner monument is indicated but not riner. and been reconstructed in this area, and the f Section 26 and re-established the position casured this 1/4 mile and found that it Corner, using the same distance determined to the E1/4 Corner of Section 35, and found established falls in the centerline of County is corner has been used by local surveyors
