A. Description of original monument and accessories and/or subsequent restoration:

- 1848: Original Survey by James H. Mullett - B.T.'s - Y. Pine, 12" - S31°E - 17 lks; W. Pine, 10" - S67°W - 20 lks. All original evidence for this corner has been destroyed by county road improvements.  
1981: Certified Survey No. 215 recorded by William Lenca, RLS No. 26461, shows this corner in relation to other corners in Sections 35 and 36. The survey legend indicates that a 1/2 inch diameter iron was found. No corner ties are given.  
1982: Certified Survey No. 303 recorded by George B. Wilson, RLS No. 17607, shows this corner in relation to other corners in Section 35. The corner monument is not described and no ties are given.

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

In a 1995 survey in Section 36, T34N-R27W, we recovered a 1/2 inch diameter iron rod in the centerline of county roads running North - South and East - West. This position matches with record distances to section corners to the East, West and South. We accepted the position of the 1/2 inch diameter iron rod as the best available evidence of the position of the original corner.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:
