Description of original m	onument and accessories an	nd/or subsequent restorati	on:	

Original Survey by Francis Coleman - B.T.'s - Cedar, 6" - N16°E - 25 lks; Cedar, 10" - S80°W - 28 lks. All original 1848: evidence has been destroyed by road improvements,

Description of corner evidence found and/or method applied in restoring or reestablishing corner:

We established this corner by splitting the fences on either side of an old East West Lane for North - South position, and in line with an ancient fence running North and South from this location for East - West position. The measured distance from this corner East to the centerline of a North-South County Road is 2663.4 feet compared to the GLO distance of 2666.4 feet. The measured distance from this corner West to an ancient N - S fence is 2642.86 feet compared to the GLO distance of 2640 feet. We accepted the corner thus arrived at as the best available evidence of the position of the original corner.

Description of monument for corner and accessories established to perpetuate locating the position of the corner Set 5/8"x 24" Iron Red w/3 1/4" Alum. Cap stamped for corner 0.5' Below Grade in South Track of E-W Lane:
