Description of original monument and accessories and/or subsequent restoration:

For corners in

- Original Survey (Township Exterior) by James H. Mullet B.T.'s Sugar, 10"- N390W 34 lks; Beech , 4" S530W 32 lks - All original evidence for this corner has been destroyed by farming activities.
- Albert Haas, County Surveyor, made a survey of Section 25, T38N-R26W and describes this corner as "Set Cedar stake 1899: from Government B.T.
- B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

In a 1987 survey of Section 24, T38N-R26W we set a 5/8" x 24" Iron rod/Ident. cap in the centerline of an old lane running West and in line with an old fence line running South. In our 1994 remonumentation of this corner, we found the 5/8" x 24" Iron Rod with a plastic identification cap set in location as described. The measurement to the 1/4 corner 1/2 mile West is 2672.51 feet compared with Haas' distance of 2666.4 fect. We accepted the existing corner as the best available evidence of the position of the original corner.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner of the corne Set 2-1/2" dia. alum. Pipe 30" long/3-1/4" dia. Alum. cap stamped for corner location:
