Recorded Survey, Jkt # 189, Dennis Dunlap, 8/14/77 (Fd corner, no description) B. Description of corner evidence found and/or method applied in restoring or reestablishing corner. I found a PK Nail in the centerline intersection of roads N-S and E-W. Upon excavation, I also found a 60d spike. At 12" deep, I found a 1-1/4" Well Point as described by OCRC and Schammer. Both Schammer witnesses are the same as OCRC witness, but one Schammer witness is now gone. One OCRC witness is now gone. Two OCRC witnesses are standing and measure OK. No stone or crockery as described by OCRC was found to depth of 24". I accept the Pipe and nail risers as the best available evidence of the position of the original corner. No evidence is known to me that would lead me to believe the corner should be at another location. C. Description of monument for corner and accessories established to perpetuate locating the position of the corner: Set 4"x20" Harrison Cast Iron Monument, stamped "County Surveyor" and "26457" above the well point Pipe which was driven down.
