Description of corner evidence found and/or method applied in restoring or reestablishing corner I found a 3/4" pipe at the surface of the asphalt. Center of the east-west asphalt road is 1.5' south; center of the north-south gravel road is 6' Upon excavation and removal of the pipe, further search of the area failed to yield any other evidence for a conflicting position for the This represents the best available evidence for the position of the corner. The Found 3/4" Pipe is accepted as a careful and faithful perpetuation of the position of the original corner. C. Description of monument for corner and accessories established to perpetuate locating the position of the corner.
