Description of corner evidence found and/or method applied in restoring or reestablishing corner.  1 found a 1/2" x18" long Re-bar at 24" deep in the centerline of E-W pavement and in the centerline of oid trail to the North, and centerline b gravel road to the south. Upon further excavation, I found a stone 6"x6"x8" at 2.5" deep beside the 1/2" from. No further iron object was detected.  This Iron was accepted as being a careful and faithful percelutation of the original corner. No evidence is known to me that would lead me to believe that the corner should be in another location. I placed a 4"x20" Harrison Cast fron Monument stamped "County Surveyor" and "28457" beside the stone and above the position of the Iron at position found.  C.
