Remonumentation

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner

I found a concrete monument as described in SUPERVISOR'S PLAT of Walkerville in the centerline intersection of an east-west and north-south asphalt roads. Also, plat monuments were found by me in 1985, 1987 and 1988 at plat distances south and west from this section corner as variously described and dimensioned on plats in the Village. I raised to the surface of the asphalt with a 1/2"x12" Iron and a Monument Box has been placed over this corner as a part of the Village Street paving project.

The Found Concrete information.

THE ORIGINAL CORNER.
