I, _J. Randolph Hepworth_ , in a field survey on _____October 19_____ , 19 _96_ ,
do hereby certify that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a Court of Law and/or that the corner points mentioned in lines 3, 4 and 5 above were in conformance with the rules of the Michigan Board of Professional Surveyors or by a Decree of a Court of Law; established, re-established, monumented, re-monumented, recovered, found as expressed below:

NOTE: Not more than 4 corners, all in the same town and range, may be recorded on this certificate.

A. Description of original monument and accessories and/or subsequent restoration:

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner.

I found a 1/2" JRH Iron & cap in the surface and centerline of a north-south asphalt road and on occupation lines to the east and to the west. This corner was established by me in 1989 by local occupation evidence. Upon excavation and removal, I found a 3"x5"x12" pointed granite stone beside the JRH Iron. The Edson stone is not described and it is not possible to know whether this could be the Edson corner.

This 1/2" Iron was accepted as the best evidence of the corner and was accepted as being a careful and faithful perpetuation of the original corner. No evidence is known to me that would lead me to believe that the corner should be in another location. I placed a 4"x20" Harrison Cast Iron Monument, stamped "County Surveyor" & "26457" at the found position.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner.
