I, Earl W. Applekamp, in a field survey on July 17, 1995,  
do hereby certify that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned  
in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current  
manual of survey instructions of the United States Department of the Interior, Bureau of Land  
Management or by a decree of a Court of Law and/or that the corner points mentioned in lines 3, 4 and  
5 above were in conformance with the rules of the Michigan Board of Professional Surveyors or by a  
Decree of a Court of Law; established, re-established, monumented, re-monumented, recovered, found  
as expressed below:

**NOTE: Not more than 4 corners, all in the same town and range, may be recorded  
on this certificate.**

**A. Description of original monument and accessories and/or subsequent restoration:**

Original corner established by William A. Burt, U.S. Deputy  
Surveyor, 1847. Set Hemlock Post.

**ORIGINAL BEARING TREES:**

Sugar 16" N30°E 20 Links (13.20 feet)  
Maple 16" S38°W 21 Links (13.86 feet)

**B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:**

No evidence of original corner was found. A cedar post was found near the  
corner position. An old fence (60 yrs. ±) runs West from the North 1/4 corner  
of Section 6 but ends about 400 feet East of the NW corner of Section 6. A  
projection of this fence places the corner 83 feet North of the Cedar Post.  
This location is in better agreement with the original field note calls.  
I monumented the corner as described in "C" below. This corner is one of  
29 corners in 6 Sections remonumented under the County Remonumentation Program.  
Research is on file with the Ontonagon County Remonumentation Representative.

**PEER GROUP APPROVED**

to read: COUNTY REMONUMENTATION, S1, S6, S31, S36, T48N, R41W R42W, 1995,
