I, John R. Garske , in a field do hereby certify that under requirements	survey onNover	nber 6 , 19 95 ,	5
do hereby certify that under requirements	s of P.A. 74, Michigan P.A. of 1	970, the corner points mentioned	5 18 17 16 15 15 14 13
in lines 1 and 2 above were in conforman manual of survey instructions of the	ice with regulations and rules ti United States Department of	neretore as required in the curren of the Interior Bureau of Land	7
Management or by a decree of a Court of	of Law and/or that the corner p	ooints mentioned in lines 3, 4 and	1 B 19 20 21 22 23 24 23
5 above were in conformance with the	rules of the Michigan Board of	of Professional Surveyors or by	• • • • • • • • • • • • • • • • • • • •
Decree of a Court of Law; established, reas expressed below:	e-established, monumented, re	s-monumented, recovered, tourid	10 30 29 28 27 26 25
NOTE: Not more than 4 corners, all on this certificate.	in the same town and rang	e, may be recorded	11
A. Description of original monume	ent and accessories and/o	r subsequent restoration:	136
- Original survey by John and	l William Burt, Deputy Sur	veyors, in August 1847. Set	a sugar post from which:

8" hemlock - S60°E, 28 links 8" maple - N25°W, 6 links

- M.D.O.T. Highway Plans show corner at 0.9' east of highway centerline (iron rod)
- 1952 Plat of "Finn & Feathers" shows corner 1.2' east of centerline.
- B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

I found a 3/4" diameter iron rod in a monument box, 0.9' east of the centerline of Highway M-64 as shown on the highway plans. I also found a 6" diameter concrete monument due east 78.30 feet. This corner position is commonly used and accepted and I am accepting it as marking the true corner position.

(Record research on file)

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:

I set a 3" diameter brass cap on the iron rod found and stamped it to identify the corner from which I established:

Reference monument - Set a 3" diameter aluminum cap on the found concrete monument stamped due west - 78.30 feet to corner.

20" S. maple - N48°E - 54.48 feet.

Twin 5" S. maple - S51°E - 80.60 feet

Steel sign rail - Due East - 49.08 feet

Surveyor's Michigan License No.
