## A. Description of original monument and accessories and/or subsequent restoration:

(07) Quarter corner common to Sections 17-20. Original corner established by U.S. Deputy Surveyor Guy H. Carleton, 1850. Original BTs: Memlock 12 M548 08 links, Spruce 8 Se9N 10 links. Found no subsequent record.

(E5) Section corner common to sections 8-9-16-17. Corner established by U.S. Deputy Surveyor Guy H. Carieton, 1850. Original BTs: Sugar 24 M70E 43 links, Sugar 12 SiSM 33 links. Schoolcraft County Surveyor A.C. Carpenter notes in record Sept., 1899 as follows: Original corner stake at cor. Broken brick underneath. Cherry 5 S22M 52. Distance west to reestablished 1/4 corner shown as 38.97 ch. Distance west to reestablished section corner shown as 77.94 ch. Corner subsequently monumented by the U.S. Biological Survey ca. 1936 with a concrete post. USBS maps "SEMEY MICHIGAN REFUGE" dated Feb. 1936 and Dec. 1936 show a concrete post with a witness iron pipe M0" 14"M, 0.50 ch. Distances west to USBS monuments at 1/4 and Section corners are shown to be 39.48 ch. and 78.91 ch. No mention on maps of evidence found in 1936.

## B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

(07) Original post and accessories not recovered. Found no evidence of prior monumentation and no acceptable evidence of the location of the original corner. Reestablished the corner by single proportionate measurement to the original record between monumented section corners 2629.41' mest and east. At the position for the corner, placed a 1"x32" iron pipe capped with a 4" dia, cast aluminum MDMR tablet, appropriately stamped. From the corner monumented, found a forester's squared post, marking an approximate corner 10' east and 3' south.

(E5) found and accepted the remains of the US8S concrete post below the c/l of gravel surface of the county road. Approximately 4-5° of the bottom of the 2° dia. post was found, undisturbed, with a small diameter from bar, bent, projecting from the top. The USBS mitness pipe was found, 33° north, disturbed, laying horizontally beneath a couple inches of soil, apparently disturbed by cultivation. Replaced the concrete post with a 1° dia.x32° from pipe capped with a yellow plastic cap stamped "Mich D.N.R. LS 33986" buried beneath the road surface.

## C. Description of monument for corner and accessories established to perpetuate locating the position of the corner.

[07] Set 1" pipe with 4" aluminum cap.
Blazed, scribed and set measuring nails
in the following new bearing trees:
6" Cedar S86E 40.2' "1/4S MBT"
8" Cedar S25E 23.55' "1/4S MBT"
8" Spruce M76M 5.7' "1/4S MBT"
10" Spruce N43M 7.3' "1/4S MST"
Placed a 5" squared cedar post adjacent.

(E5) 1" pipe with plastic MOHA cap. Blazed but did not scribe the following witnesses. Distances are to measuring nails and tags, bearings are magnetic: 3" elm S58W 52.2" fence post S12W 30.7" fence post N46E 48.0" fence post N18W 48.0" monumented 1/4 B/17 (MDHA pipe) west 2506.83"
