A. Description of original monument and accessories and/or subsequent restoration:

(E13) Corner common to Sections 32-33 T44M-R13W and 4-5 T43M-R13W. Corner reestablished in 1982 by David 8. Babbitt, RLS by single proportionate measurement to the original record. Sabbit placed a 1' pipe with RLS cap at the corner, buried in an E-W road, and marked the following new bearing trees: 14" Hemlock MSSE 75.7', 14" Hemlock MOSE 31.5', 12" Hemlock 844W 42.7', 10" Cedar 852E 24.5'. (13-Sec. 33) Southeast 1/16 corner, Section 33. Corner not established in the original survey. Found no subsequent record. (12-Sec. 33) South 1/16 Corner, Section 33. Corner not established in the original survey. Found no subsequent record.

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

(E13) Found the 1982 monument disturbed. It had apparently been bent over by a road grader. All four 1982 NBTs were found in good condition. The bent pipe was removed, and the corner position was remonumented at record bearing and distance from the 1982 MBTs. At the position for the corner I placed a 1° 1.0.x38° from pipe capped with a yellow plastic cap stamped "MICH DNR LS 33986". Set measuring mails with tags in the 1962 witnesses and remeasured as shown below. (13-Bec.33) Found no evidence of prior monumentation at the corner position. Established the corner at the intersection of straight lines connecting opposite 1/16 corners, the 1/18 corners to the east and south being unmonumented as of this date. At the position for the corner, I placed a 1° I.D.x36° iron pipe capped with a 4° dia. cast aluminum MDMR tablet, appropriately stamped. (12-Sec.33) Found no evidence of prior monumentation at the corner position. Established the corner midway between Quarter corner 1322.12' South and Center of Section 1322.12' North. The Center of Section, being unmonumented as of this date, was determined at the intersection of straight lines connecting opposite 1/4 corners. At the position for the South 1/16, I placed a 1° 1.0.x36° iron pipe capped with a 4° dia, cast aluminum MDNR tablet, appropriately stamped.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:

(E13) Set 1' pipe with plastic cap. 14" Hemlock N58E 76.8" 14" Newlock NOSE 32.05" 12" Hemlock \$449 42.8" 10" Coder \$52E 24.7' 12" Maple N22W 31.15" Distances are to neils with tags. Bearings are magnetic. 8' Maple \$14E 6.0'

[13] Set 1" from pipe with 4" MDMR cap. Blazed, scribed, and set measuring nails in the following bearing trees: 5" Y. Birch M15E 21.35' "\$E1/16 BT" "SE1/14 BT" 4" Ironwood \$88W 24.35" "SE1/16 BT" "BE1/16 BT" 4" Squared post SW, 22.4"

(12) Set a 1" pipe with 4" MONR cap. Blazed, scribed, and set measuring nails in the following bearing trees: 14" W. Pine \$10W 14.25" "\$1/16 BT" 10" Maple \$62E 40.4" "81/16 BT" 6" Maple 580E 42.5" "\$1/16 BT" 4" Beech M54W 27.4" "\$1/16 BT" Placed a 3' squared maple post adjacent. Bearings are magnetic.
