I, Norman C. Caldwell, in a field survey on July, 19 94, do hereby certify that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a Court of Law and/or that the corner points mentioned in lines 3, 4 and 5 above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law; established, re-established, monumented, re-monumented, recovered, found as expressed below:

NOTE: Not more than 4 corners, all in the same town and range, may be recorded on this certificate.

Mich. St. Highway R.O.W. plans, dated Jan. 1961
Sec. cor. is 127.5' E. of CL M-13

Survey by N.C. Caldwell, Oct. 1993 recorded in L. 2 pg. 870 of corners.
Fnd. 1/2" pipe - See L. 6, pg. 605-606 of surveys for refs.

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

M-13 Std. cor. Sec. 36, T7N-R4E, Sec. 31, T7N-R5E

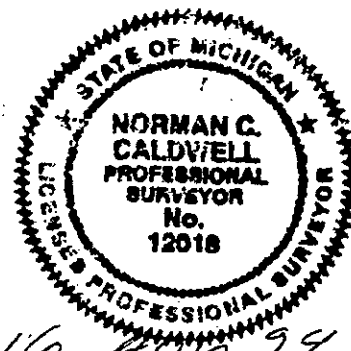

(See complete report on reverse of this form).

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:

M-13 Std. cor. Sec. 36, T7N-R4E, Sec. 31, T7N-R5E

Fnd. 6 - 5" diam. rocks around a 4" vit. clay tile w/cinders inside, over an 8" x 12" tall pointed stone. Replaced pointed stone w/a Std. 20" Harrison marker w/stones and clay tile around it as approved by the Shiawassee County Remon. Peer Review Group and is accepted as a careful and faithful perpetuation of the position of the original corner.

North 49.98' Fnd. conc. monument
N35°W 43.16' Set N & T #12018 NE fc. 7" Thornapple
S50°W 62.89' Fnd. N & T (set new N & T #12018 - below)
N. fc. clump of 4 - 6" Elms
South 89.78' Set N & T #12018 W. fc. Power Pole
South 7.60' Fnd. 5/8" rerod

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

M-13 Std. cor. Sec. 36, T7N-R4E, Sec. 31, T7N-R5E

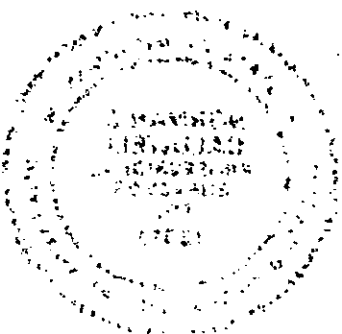

Excavated 8' E-W x 20' N-S x 3' deep (15" below original ground) with a backhoe, searching for reliable evidence of the common corner of T7N-R4 & 5E on Shiawassee-Genesee County Line.

Found 6 - 5" diam. rocks around a 4" vit. clay tile w/cinders inside, over an 8" x 12" tall pointed stone. The stone is 18" below existing road surface, 6" below original ground. The top of the clay tile was flush with original ground, and encircled with the smaller stones. The stone was left in place and a 1" bolt driven alongside for ease of location for placing the Harrison monument.

This is near the "Northern" pipe found flush w/old gravel, 8" below new lime stone surfacing.

No additional evidence could be found to support the "Southern" pipe used by REI.

I believe the stone & tile to be the monument used by Ezra Mason, Shiawassee County Surveyor, 12 & 13 Feb., 1866, and M.B. Sage, Genesee County Surveyor, 11 Oct., 1870 as verified by retracing measurements of the recorded surveys.
